> Ropella Industry Expertise

Plastic is vital to consumer products, whether as a component or packaging, durable or yielding. CPG industries continue to navigate changing demographics, new consumer tastes, technological challenges, and a constant push to reduce economic and environmental costs; advances in plastic technologies assist in all of these endeavors, from the rise of biodegradable and bio-plastics to increasingly light-weight formulas that allow lighter packages to hold heavier loads.

Ropella 360's mission is to build lasting relationships between high-potential a-player talent, backable executives, board members, SMEs and transformational leaders. Our primary goal; providing ROI value towards growing the great companies we invest our time, talent and treasure into.

Building teams worldwide, in all functional areas and at all levels, with the best possible talent is one of the highest priorities for transformational leaders – because we all know – **the team with the best talent wins**. Especially so, in fast growing organizations.
