> Ropella Industry Expertise

From the defense technology industry to the personal computer industry, from mobile phones to space shuttles, the need for electronic components in the digital age continues to skyrocket. With technology advancing exponentially each day, companies must invest in professional development to keep their employees up to date. Issues such as obsolescence, counterfeiting, and intellectual property rights are just a few of the real-world problems that underlay this rapidly changing field. When it comes to electronic components, problem solving skills and deep knowledge of science and technology are at a premium.

Ropella 360's mission is to build lasting relationships between High Potential A-player Talent, Backable CEO's, Board Members, SME's and Transformational Leaders. Our primary goal; providing ROI value towards growing the great companies we invest our time, talent and treasure into.

Building teams worldwide, in all functional areas and at all levels, with the best possible talent is one of the highest priorities for transformational leaders – because we all know – the Team with the Best Talent Wins Especially so, in fast growing organizations.
