> Ropella Industry Expertise

When it comes to the search for quality batteries and the most efficient energy-storage methods, lithium ion batteries and fuel cells are at the top of the list. A growing need across industries — consumer electronics, military, electric vehicle, and aerospace applications just to name a few — demands power sources that combine high energy density with lightweight construction, while balancing chemistry, performance, cost, and safety characteristics.

Ropella 360's mission is to build lasting relationships between high-potential a-player talent, backable executives, board members, SMEs and transformational leaders. Our primary goal; providing ROI value towards growing the great companies we invest our time, talent and treasure into.

Building teams worldwide, in all functional areas and at all levels, with the best possible talent is one of the highest priorities for transformational leaders – because we all know – **the team with the best talent wins**. Especially so, in fast growing organizations.

> Our Solutions

With over 35 years as a global search leader, delivering the most advanced search execution capabilities, Ropella 360 has proven many times over, to be extremely well-versed at solving the most challenging “needle in a haystack” searches. While at the same time managing talent selection and development as a primary asset for ROI.
