## > Ropella Industry Expertise

People have been using pigments, inks, and dyes for hundreds of thousands of years. From carbon black, red ochre, and lime white used for prehistoric cave and body painting to Tyrian purple used to color Roman ceremonial robes to modern anti-counterfeiting inks, this industry has come a long way. Researchers continue to develop new uses for these products, and new formulations which are less expensive, hold colors better, and have greater stability and flow properties.

Ropella 360's mission is to build lasting relationships between high-potential a-player talent, backable executives, board members, SMEs and transformational leaders. Our primary goal; providing ROI value towards growing the great companies we invest our time, talent and treasure into.

Building teams worldwide, in all functional areas and at all levels, with the best possible talent is one of the highest priorities for transformational leaders – because we all know – **the team with the best talent wins**. Especially so, in fast growing organizations.
