> Ropella Industry Expertise

Things are certainly looking up for the textiles and fibers industry! As the economy has slowly made a turn-around and sellers have slowly made the shift from brick-and-mortar stores to Internet sales, textile manufacturers have been focusing on strengthening their businesses, improving process efficiencies, controlling costs, and keeping an eye out for good re-investment opportunities. The wait is finally paying off as we usher in a new era of growth thanks to an easing of regulations and reorientation of policies.

Ropella 360's mission is to build lasting relationships between high-potential a-player talent, backable executives, board members, SMEs and transformational leaders. Our primary goal; providing ROI value towards growing the great companies we invest our time, talent and treasure into.

Building teams worldwide, in all functional areas and at all levels, with the best possible talent is one of the highest priorities for transformational leaders – because we all know – **the team with the best talent wins**. Especially so, in fast growing organizations.
