> Ropella Industry Expertise

The world of architectural coatings brings with it myriad specialties and variable considerations. Is the customer looking for sculptural effects, enhanced textures, enduring finishes, or rich colors? Will it be applied with brushes, rollers, or sprayers? Is the application surface porous or textured? Roofs, sheetrock, walls, cork or tile? Will it need to withstand extremes of weather and/or contaminant conditions? All of these questions and more must be taken into account when developing and selecting the right architectural coating for a specific application.

Ropella 360's mission is to build lasting relationships between high-potential a-player talent, backable executives, board members, SMEs and transformational leaders. Our primary goal; providing ROI value towards growing the great companies we invest our time, talent and treasure into.
