## Ropella Industry Expertise

Many chronic diseases, including diabetes, rheumatoid arthritis, and Crohn's disease, are now being managed more efficiently than ever, thanks to biopharmaceuticals. Harnessing biotechnological advances and applying them to recombinant DNA, biopharmaceutical manufacturers are able to synthesize key signaling proteins and immune system antibodies that we may be lacking to keep our bodies functioning at 100%.

Ropella 360's mission is to build lasting relationships between high-potential a-player talent, backable executives, board members, SMEs and transformational leaders. Our primary goal; providing ROI value towards growing the great companies we invest our time, talent and treasure into.

Building teams worldwide, in all functional areas and at all levels, with the best possible talent is one of the highest priorities for transformational leaders – because we all know – **the team with the best talent wins**. Especially so, in fast growing organizations.

## Our Solutions

With over 35 years as a global search leader, delivering the most advanced search execution capabilities, Ropella 360 has proven many times over, to be extremely well-versed at solving the most challenging "needle in a haystack" searches. While at the same time managing talent selection and development as a primary asset for ROI.

As a bestselling author of The Right Hire and a highly experienced practitioner, Patrick Ropella developed the SMART Search System<sup>SM</sup>, regarded as one of the most well respected, Talent Centric Executive Search Solutions available.
